### **WRWC Qualifier Series event details:**

- Winning a WRWC Qualifier Series event is paramount for the athlete. These earned competition positions automatically place the athlete in the Qualifying Round of the WRWC regardless of W23 leaderboard position.
- Up to Twelve (12) select women's rodeo/standalone events hosted by WRWC and/or an approved event producer will feature women only OPEN and CHALLENGER competition in Barrel Racing, Breakaway Roping and Team Roping.
- In order to be eligible to win the Qualifier Series Generic Qualification, the athlete must voluntarily nominate the W23 segment for the QS event. The highest placing Pro and/or Challenger that nominated the event will win the QS Generic Qualification.
- The WRWC Qualifier Series will also feature a VRQ Fast Cash payout at the event. The Qualifier Series Fast Cash will be double the nomination fee paid to the highest placing Pro and Challenger participating in the WRWC Qualifier Series Side Pot.
  - o For example, if the highest placing Pro paid a \$200 nomination fee, they will receive a \$400 Fast Cash check.
- Each Qualifier Series event will also feature VRQ Expand Points to 20 places in any paid round of competition for the main competition. The Expanded Points feature provides opportunities for more athletes to earn valuable W23 leaderboard points
- Qualifier Series events competition format, ground rules and entry fees will be determined by each host event producer.
- New to the 2023 QS rules, if a Pro or Challenger has already won a previous QS event, WRWC will drop down to the next highest Pro or Challenger from that event to fill the generic qualification. The fast cash and prizes from that event will be awarded to the highest placing Pro or Challenger.
