

World Championship – based on cumulative leaderboard points

World Champions will be crowned in all disciplines from both the PRO Leaderboard and the Challenger Leaderboard. In addition, the All Around World Championship will be awarded based on total points earned from the combined PRO/CHL Leaderboards.

World Championship cumulative points will accrue through the entire segment (April 16, 2023–April 14, 2024) and extend through the WRWC Qualifying Rounds, Semi-Final Round and Aggregate. Refer to the charts below to review the World Championship Points available during the WRWC event.

The Showdown and Triple Crown rounds occur after the World Championships have been awarded. These rounds will not be included in the cumulative points for the 2024 World Championships.
